

ENERGY THEFT

Dangerous

Energy Theft is extremely **dangerous** and puts communities at risk. It can cause damage to property and endanger lives.

Illegal

Energy Theft is a crime and is **illegal**, it can lead to prosecution.

Paid for by you

Energy Theft is not a victimless crime. Energy theft increases costs, resulting in higher bills which affects **all** consumers. Everyone pays regardless of who commits the crime.

Report Energy Theft: 028 9575 7206

Energy theft is tampering with a meter or its connections. This means the meter doesn't accurately record electricity usage.

If you suspect energy theft is occurring, it can be reported by contacting the UK Revenue Protection Association (UKRPA) on 028 9575 7206.
